

REMINDER

It is important that you register with King County Procurement and Contract Services after downloading documents from the RFPs, RFQs & ITBs website. Failure to notify us will result in you not being notified of any addenda, which may result in rejection of your bid/proposal as non-responsive.

To register and download files, refer to the bottom of this document.

KING COUNTY REQUEST FOR PROPOSALS ADVERTISEMENT

King County is requesting Proposal Submittals from firms qualified and interested in providing corrosion engineering services on a work order basis.

The Request for Proposals, all addenda and current document holder's list, are available on the internet at www.metrokc.gov/finance/procurement/rfp_rfqiitb/default.asp (click the "New" tab then click the "consultants" tab). The County will no longer mail, ship or fax RFP's and addenda.

Interested firms *must* register with the County at time of download and ensure a valid contact email address is given. Notification of addenda will be sent to the registered email address. Failure to register will result in the proposer not being notified of any addenda, which may result in rejection of the proposal as non-responsive.

The estimated value of the contract is \$250,000. The contract will have an initial period of performance of one (1) year. The County reserves the right to amend the contract in one (1) year increments up to a maximum of three (3) years, if funds remain. The County plans on issuing one contract.

Contract Title:	Corrosion Engineering Services On A Work Order Basis
Number:	E53006E
Proposals due	March 15, 2005
Time:	5:00 p.m.
Preproposal Meeting:	Monday, February 28, 2005
Time:	10:00 a.m.
Location:	King Street Center, 201 S. Jackson, Seattle, Conference Room 5C

Any firm failing to submit information in accordance with the procedures set forth in the Request for Proposal may not be considered responsive and may therefore be subject to disqualification by King County.

SUMMARY OF WORK: The Consultant shall provide the full range of corrosion engineering services necessary to perform design of sacrificial and impressed current cathodic protection systems, including but not limited to: data review analysis and recommendation for repair or replacement; underwater data collection and inspection; development, evaluation and recommendation of design alternatives; engineering design including drawings and specifications; design review; develop and comparison of cost estimates, coating system analysis and design, laboratory analytical services, and training.

SUBCONSULTANT OPPORTUNITIES: The following identifies the types of subconsulting opportunities that may be available on this Contract and are provided only for informational purposes: Materials Analysis, Diving Inspection and Testing

Refer to the Non-discrimination and Affirmative Action Section of the Request for Proposals for full discussion of the application of the non-discrimination and affirmative action provisions to subconsulting opportunities and the other non-discrimination and affirmative action requirements with which the Consultant shall comply.

QUESTIONS: Questions concerning this solicitation should be directed to **Ken Curl, Contracts Specialist** at 206-684-1376, TTY Relay: 711. The Proposer may be requested to submit the question in writing. No verbal answers by County personnel will be binding on the County.

This information is available in alternate formats for individuals with disabilities upon advance request by calling 206-684-1327, TTY Relay: 711.
